STATEMENT OF PURPOSE: This resolution approves an agreement with the organized crime drug enforcement task forces (OCDETF) pursuant to which city police personnel provide investigative assistance to the U.S. BAFTE and for which services the city is reimbursed.

From time to time, when because of availability of personnel or other factors dictated by the needs of an investigation, the services of investigators other than BAFTE investigators is deemed by them to be necessary or desirable, BAFTE will contact local law enforcement authorities with the request that they provide the necessary services and agree to reimburse the local authorities for the costs of those services and agree to reimburse the local authorities for the costs of those services. The city, being one of the local agencies from whom such services are requested, then provides the needed services on an overtime basis so that local law enforcement efforts are not diverted; as indicated the federal authorities reimburse the city for those costs.

Because of federal funding processes, this agreement is funded on a fiscal year basis only through September 30, 2010. However, because the investigations are ongoing, it is likely that it may be renewed for the next fiscal year.

Also, because the investigations are ongoing and because the nature of the investigations renders confidentiality paramount, it is not possible to discuss the actual activities involved but only that they are in pursuit of the legitimate federal investigations under the authority of BAFTE.
